MEMORANDUM FOR: DEPUTY DIRECTOR (PLANS)

STAT SUBJECT: [redacted]

STAT 1. I have received word from several sources including your memo that [redacted] military intelligence unit is being called into active service. As the Commanding Officer of that unit [redacted] himself will be placed on active duty.

O.K. A. W. D. 2. I believe he could be of value to us as a consultant in conjunction with our overall planning activities and I would like to be able to make use of his services on that basis. I imagine his unit when activated will be stationed in the Washington area.

3. Consequently I suggest that we do not take any action with respect to his recall to active duty.

4. I believe, however, that the subject of his security clearance is not altogether finished. The report which you sent me over a month ago left it somewhat up in the air. It is my personal belief that despite past irregularities this individual has entirely too much to lose to take any action which might place the reputation he has built-up for over the past decade in jeopardy.

[redacted], CHIEF STAT
Plans Division

NOTE: Original sent to ADPC 5/4/51 with "OK A.W.D." by 2nd para as noted above.

Dear Allen:

STAT

called

Yesterday and asked if I would let you know that he has been called to active duty with the Army. He had been in touch, he said,

with [redacted] and thought he might be taken into your organization, which he would much prefer. He thought he could still be salvaged, if you wanted him.

I send this word along "for such interest as it may possess," feeling that no shortage of waste paper baskets has set in in Washington.

As ever,

FROM : Deputy Director, Plans

25X1 SUBJECT : [redacted]

1. I have known subject for several years, and while I have some question marks about him, I can see that he might be useful. However, I would only use him in a situation where he knew nothing whatever of any of our activities, outside of the work he is actively engaged in.

2. In due course, please let me know how you plan to use him.

TO : Mr. Dulles

DATE: 23 March

FROM : [REDACTED]

SUBJECT: [REDACTED]

STAT

1. I had a discussion with subject after reading this report. I hinted that there were a few skeletons in his closet. His reaction was substantially this:

I know there are. I regret it, but I can not change the past. All that I can do for my own self respect is to serve my adopted country to the best of my ability. I have tried to turn over a new leaf and I think my record will bear me out. [REDACTED] knew all about my past and yet respected my desire to serve and permitted me to work with him.

2. It is my view that his basic motivation is ok - that he has to much to loose to jump the traces now.
